# SE-G5.1 Pro

## Safer

Cobalt Free Lithium Iron Phosphate (LFP) Battery: Safety and long Lifespan, high efficiency and high-Power density. Intelligent BMS, providing complete protection.

#### Reliable

Support high discharge power. IP20, natural cooling, wide temperature range: -20°C to 55°C.

#### Flexible

Modular design, easy to expand, Max. 64 units in parallel, Max. capacity of 327kWh.

Suited to residential and commercial applications for increasing the self-consumption ratio.

# Convenient

Battery module auto networking, Automatic IP addressing, Easy maintenance, remotely monitoring and upgrade, Support USB drive upgrade the firmware.

#### Eco-Friendly

Use environmental protection materials, the whole module non-toxic, pollution-free.

## Introduction

This series lithium iron phosphate battery is one of new energystorage products developed and produced by Deye, it can be used to support reliable power forvarious types of equipment and systems.

This series is especially suitable for application scene of high power, limited installation space, restricted load- bearing and long cycle life.

This series has built-in BMS battery management system, which can manage and monitor cells information including voltage, current and temperature. What's more, BMS can balance cells charging and discharging to extend cycle life. Multiple batteries can connect in parallel to expand capacity and power in parallel for larger capacity and longer power supporting duration requirements.

 $<sup>\</sup>cite{Model}$  The current is affected by temperature and SOC.

<sup>[3]</sup> The warranty is due whichever reached first of warranty period or life cycle power.

| Model      | Accessories Parts Description      | Remark   |
|------------|------------------------------------|--|
| 3U-LBCable | Battery Parallel Cable (Included)  | Battery power and communication parallel connection cable                        |
| 3U-LRfe    | Battery Rack Fixed Ears (Included) | Used for battery fixing with 19inch rack or cabinet                              |
| 3U-Bracket | Battery Brackets (Optional)        | Simple stacking bracket, 1 unit including 4 pcs brackets, Max. stacking 4 floors |
| 3U-HRack   | Battery Rack<br>(Optional)         | Standard 19inch rack, can install 10 pcs batteries                               |
| 3U-LPCable | Hybrid inverter Cable (Optional)   | Battery power and communication cable connect with hybrid inverter               |

Model: 3U-LBCable

**Details:** Pair of 300mm 4AWG Power cable and 300mm RJ45 communication cable for battery parallel

Model: 3U-LRfe

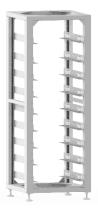

Details: Pair of rack fixed ears used for battery fixing with 19inch rack or cabinet

Model: 3U-Bracket

**Details:** Simple stacking bracket, height 187mm, 1 unit including 4 pcs brackets, Max. stacking 4 floors

Model: 3U-HRack

Details: Standard 19inch rack, can install 10 pcs batteries

Model: 3U-LPCable

**Details:** Pair of 4AWG Battery power cable and RJ45 communication cable connect with hybrid inverter. The cable length can be customized based on customer requirements, default length is 2000mm.
